Powerex Air Compressors are specific to applications where any level of hydrocarbons in the compressed airstream cannot be tolerated. Powerex scroll air compressors use no lubricating oil, thus they are truly oil-less. Powerex also manufacturers industry best vacuum systems for medical, industrial and laboratory application.

www.PowerexSales.com

Mattei offers rotary vane compressors for automotive, commercial, industrial, & transit applications. Mattei Compressors are the best choice for applications dependent on a continuous supply of compressed air. Their rotary vane technology produces unmatched efficiency, service life and cost-effectiveness. Mattei has the highest efficiency period.

www.MatteiSales.com

Becker Pumps are the industry leader for reliable and durable oil flooded and oil-free rotary vane, regenerative and rotary screw vacuum pumps and low pressure compressors. Becker Pumps outlast and outperform all the others. The Becker vacuum pump state-of-the-art technology provides consistent, superior performance cycle after cycle.

BEKO Air Dryers and BEKO Condensate Drains are the industry leader standard for reliable and efficient compressed air. For more than three decades, BEKO has developed, manufactured and sold high-quality components and systems for compressed air processing and condensate technology. Don't accept an imposter, buy the best.

www.BekoSales.com

Parker, Domnick Hunter, Airtek, Hiross, and Zander purification and separation technologies offer premium compressed air dryers. Parker's high performance air dryers offer industry-leading protection for compressed air systems.

www.AirDryerSales.com

Nano Purification Solutions designs and manufactures a complete line of custom compressed air purification systems including desiccant air dryers, refrigerated air dryers, nitrogen generators, process chillers, industrial and process filtration, condensate drains, dew point monitors, & custom engineered compressed air systems for industrial applications.

www.NanoDryerSales.com

Parker Zander offers a high quality line of compressed air dryers. From refrigerated and desiccant dryers to condensate management Parker Zander has innovative solutions with industry-leading adsorption, refrigeration and membrane technologies.

www.ZanderSales.com

Drain-All® Condensate Drains have been the industry leader for over 20 years. Drain-All's extensive line of patented, zero-loss condensate drains provide energy-saving, performance-improving solutions for many compressed air and compressed gas system applications.

Hannay is the originator of the industrial grade hose reel. Hannay alone manufacturers the best and longest lasting reel for thousands of applications from industrial manufacturing, agricultural, marine, aerospace, military and more. Hannay has thousands of standard reels for quick deliveries and has a dedicated facility for custom reels. Hannay is simply the best! www.HannayReelSales.com

COXREELS manufactures heavy duty professional grade hose reels and cord reels of the highest quality. Their comprehensive selection of reels includes spring retractable, hand crank and motorized hose, cord and cable reels and their patented EZ-Coil Safety Series spring retractable reels for controlled rewind.

www.CoxReelSales.com

Reelcraft manufactures the most extensive line of hose reels, cord reels and cable reels. Their heavy duty hose reels are used in the light, medium, and heavy industry, automotive service and a wide variety of OEM applications. Reelcraft reels are offered in spring retractable, motor driven and hand crank rewind and can handle hose lengths up to six hundred feet and ranging from 1/4 inch to 4 inches in diameter. www.ReelcraftSales.com

Hosetract is a respected quality leader in the hose reel market place. Made in the USA, Hosetract Reels feature compact sizes, heavy gauge metal, maintenance-free design, high gloss durable powder-coat or stainless steel, & corrosive-resistant zinc fasteners.

Thern cranes and power winches have established a world-wide reputation for toughness, versatility and reliability. Thern specializes in the design and manufacture of winches and cranes. Their capacity to provide customers with a full range of services and custom-built solutions has made Thern a leader in the industry.

www.ThernSales.com

Elkhart Brass is the industry's leader and most experienced manufacturer of state-of-the-art firefighting and fire protection equipment. Elkhart Brass combines experience, dedication, and passion to equip firefighters with the absolute best in nozzles, water cannons, and other firefighting equipment.

www.ElkhartSales.com

Key Booster Fire Hoses are the industry standard for reliable and durable fire hoses and related products. No one makes a better fire hose. Key Fire Hose is the largest and international leader in fire hose manufacturing.

www.KeyHoseSales.com

Balcrank offers a complete line of pumps, hose reels, control handles and used fluid dispensing equipment used in the automotive, commercial and industrial markets. Their products provide service for automotive quick lube facilities, dealerships, fleet, and commercial vehicle applications.

www.BalcrankSales.com

Eaton Strainers are used by industrial and commercial HVAC users to protect their process equipment and machinery by removing debris from the liquid that flows through pipelines. Eaton Industrial Strainers assure continuous flow, simplified maintenance and worry-free operation. Eaton offers Y Strainers, Simplex and Duplex Basket Strainers, and a full fabricated line of specialty strainers.

Keckley manufacturers high-quality Basket Straners, Y Strainers, Pipeline Strainers, Ball Valves, Check Valves, Knife Gate Valves, Float and Lever Valves, Control Valves, Suction Diffusers, and Triple Duty Valves since 1914. Keckley is known for quality.

www.KeckleySales.com

WEG has been at the forefront of designing motors that continually set new standards for energy efficiency. WEG electric motors range from 1 to 500 horsepower, and all RPM and voltages are available in TEFC and/or explosive-proof enclosures.

www.WegMotorSales.com

mdi, Manufacturers Distributor, Inc., is an authorized, national distributor of high quality industrial equipment and product lines from top brands which include compressed air pipe, oil-less air compressors, compressed air dryers, vacuum pumps, pneumatic tools, hose reels, electric and hydraulic winches, davit cranes, electric motors, industrial fire fighting equipment, and more. Being the expert is the core of our business philosophy and mdi is committed to providing the highest quality products with World Class Customer Service.
